Remarks

Note: Remarks are not for responding to an office action.

This application is a continuation of parent U.S. application 09/673,813 filed October 21, 2000, now U.S. Patent 6,634,437 issued October 21, 2003. This parent application 09/673,813 was relied upon for an earlier filing date under 35 USC 120. All of the references cited here were either cited by the examiner or submitted by applicant in this parent case. A "concise explanation of relevance" under 37 CFR 1.98(a)(3) for each of these references not originally cited by the U.S. Patent Office - though optional for English-language references - has already been provided in connection with the parent case or the cases from which this patent descends, and will be relied upon in the present case as well.
